CASPAR is on the Front Lines of the Opioid Epidemic, Working to Alleviate Homelessness in Cambridge

SUPPORTING CASPAR'S WORK IS A BUSINESS DECISION; A GOOD INVESTMENT!

CASPAR, located right here in Cambridge, is on the front lines of the Opioid Epidemic and its resulting Homelessness. The majority of people we provide care to are members of the Cambridge homeless community and those suffering from addiction. Our Street Outreach Van drives through Cambridge and Somerville daily, bringing the homeless in from the cold, off of the streets, and into our Homeless Shelter located in Central Square. Once in our Shelter, we strive to connect those in need with Detox services and eventual placement in our residential recovery homes located in Cambridge and Somerville. Part of preparing folks for detox and a healthier life is offering nutritious food, a warm shower and a clean bed. Addressing the needs of our homeless neighbors, and getting them back to being contributing members of our community will give you **the best return on human investment you can make**. Every day, we work to alleviate the problems of the Opioid Crisis and homelessness locally, but we need your help to continue to do this important, lifesaving work in our community.

CARL F. BARRON CATALYST FOR CHANGE AWARD

Each year, CASPAR honors community members who have worked tirelessly to support our most vulnerable neighbors—as the award's namesake, Carl F. Barron, did for many decades. This year, Tom was selected for his major support of CASPAR and other local organizations working to bring hope, while lending a hand, to our homeless neighbors and those in dire need.

Preferring to stay out of the limelight, but wishing to assist CASPAR and other local organizations in need, Tom has consistently shared his skills and resources to build a stronger base of community support for our neighbors in need.

CASPAR - Cambridge & Somerville Program for Alcoholism and Drug Abuse Rehabilitation

CASPAR is committed to improving the lives of our neighbors and their families who have been affected by substance abuse, and related issues such as homelessness, domestic violence or mental illness. Since 1970, CASPAR has grown from a single halfway house and a shelter for homeless men and women to a coordinated network of services for people wherever they are on the substance abuse and recovery continuum. Our programs include street outreach and prevention services, emergency shelter, residential treatment, counseling, case management and job search.

We provide non-judgmental, client-centered care for men, women and youth who struggle with sobriety. CASPAR instills hope that recovery and an end to homelessness are attainable.
